

CASA Volunteers Change Lives for Georgia's Children in Foster Care

"My CASA volunteer always listened and was there for me. I truly don't know if she understands how much it meant that she was always in my corner and cared about what I wanted."

DESTINY, Former CASA Child

The Problem: Overburdened Systems

will find themselves
in foster care
this year.

On average,
a child will
spend **nearly**
a year in
foster care.

Each child will
change homes
an average of
five times.

The Solution: Citizen Volunteers

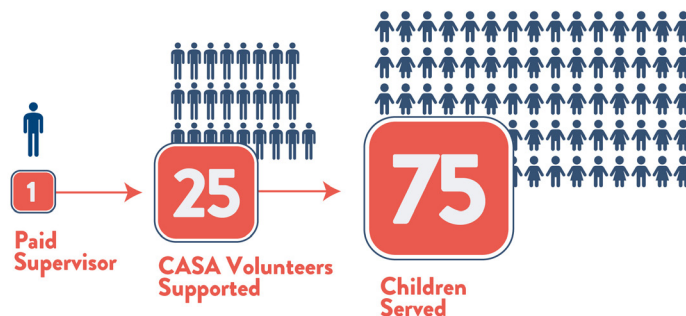

Trained CASA volunteers advocate for the best interests of Georgia's children in foster care.

A Wise Investment

One year of
CASA advocacy
costs less than
one month of
foster care.

The CASA Model:

The Results: Brighter Futures

CASA Programs Change Lives

A child with a CASA
volunteer is more
likely to find a safe,
permanent home.

A child with a
CASA volunteer
is **less likely to**
re-enter the
foster-care
system.

And, they are
more likely to
succeed in
school and receive
needed healthcare and
educational support.

Our Vision: Serving Every Child

2,500
CASA volunteers
help change
children's
lives every day.

8,300
abused and neglected
children had a **CASA**
volunteer speaking up
for their best interests
in the last year.

7,400
children **are waiting**
for a CASA volunteer
empowered to find
them a safe home
with permanent
connections to family.
